STRENGTH

- Perfectionist and hardworking**
I am not satisfied with what I have accomplished; I always want to improve if I still have time.
- Enjoys taking on challenges**
The word 'impossible' is not in my daily vocabulary. If others can succeed, why not me, with an extra effort?
- Strong leadership and analytical skills**
I am very social and enjoy motivating people to help them grow or achieve a common goal. My analytical and logical mindset has driven me to become a technical reference in every team and project I have been part of.

CERTIFICATES

- Canadian CMT Academy**
 - Project Management
 - Leadership and Management
- Udemy**
 - TDD: Test-Driven Development
 - C, C++, C#, Java & Python
